DR. DORSEY IN HONOLULU.

People who have returned from their summer outing can entertain their friends very pleasantly these warm days which seem specially provided for lazy gossip, by relating their experience. Many Angeleses sought recreation afar from home this season. Dozens went to Alaska, a majority of whom have not yet returned, scores are visiting the eastern watering places and a few took a trip to Honolulu. Among these last was Dr. Rebecca Lee Dorsey who, in speaking of her visit there, gave some interesting facts concerning the lepers of the islands. She went to call upon Sister Rose Gertrude, now the wife of Dr. Lutz, who was at one time the physician of the receiving station for lepers at Honolulu. They have a charming home and he enjoys a lucrative practice in Honolulu and is not at present connected with the receiving station, but the sympathy and interest always shown in these unfortunate people by Sister Rose Gertrude has not abated in the least.

The island of Molokai is but a few hours' ride from Honolulu and a steamer goes over every two or three weeks. The island is one of the most beautiful in the group, if not the prettiest, and its cost extends \$100,000 annually for the care of these unfortunate people. The best of food, comfortable homes, fine horses to ride, etc., are provided for the lepers, for the disease, until it reaches its last stages, is not of serious gravity. It is an affliction with the ordinary duties and pleasures of life. The wives of husbands afflicted with the disease are permitted to accompany them to the island and vice versa; so that there are about 1,000 lepers and non-lepers there. It is reported that the physician in charge of the lepers of the island has himself contracted the dreadful disease and is therefore an exile for life. The Kanakas seemed perfectly indifferent to their condition, while the disease is comparatively painless. When the oil of camphor is mentioned and the patients found that they would have to apply this oil for perhaps two hours a day they refused to do it, being too indolent and indifferent to make the necessary exertions. Dr. Dorsey, however, after examining the condition in Honolulu where there is a board of five physicians who pronounce on the three classes of lepers—the confirmed, the suspects and the children. From June 10 to July 9, twenty-three lepers had been gathered up on the island and sent to the station. "I display the utmost unconcern," said Dr. Dorsey, and after the examination was over the patients gathered on the porch and entertained us with music and dancing. A young girl whose hand had been deformed by the leprosy did not dare to strike a strained instrument for us with her other hand and a boy with one foot danced for us."

The Chinese and Japanese on the islands look on the matter in a totally different light, and do everything in their power to cover up the leprosy. One Japanese was brought into the station who had sixteen years had been afflicted with leprosy, but had avoided the authorities. He had been working on a plantation. He had an arm one-half normal and one-half useless. One little boy, a born leper, had a face as old as a man of 60. His nose was as large as one's fist, and his lips horribly swollen, but he went about his play as happy and unconcerned as any other child. None of the lepers wear any clothing, most of them being on mats of braided straw about the floor.

"The sisters of charity," said Dr. Dorsey, "are examples of martyrs of the nineteenth century. They receive the pitiful sum of \$5 per week for their services, which involved the payment of a sacrifice that is simply divine."

OPERAHANS ENTERTAINED.

Mrs. M. Dodsworth made the hearts of some thirty little girls, inmates of the Orphans' Home, exceedingly happy last Thursday by entertaining them at her handsome home, corner of Sixth and Main streets, at an afternoon party. The house had been as handsomely and carefully decorated as possible, the rooms were filled and the little ones were entertained by music and games with a sumptuous luncheon as a crowning enjoyment. The loving clasp of little arms and the beaming faces of the children as they sat around the table, the honest smile for her trouble. Mrs. Stowell of the Orphans' Home board of managers assisted in entertaining the children. Next Wednesday Mrs. Dodsworth has arranged to take the little girls of the home to the beach for a day, and Messrs. Cowley & Baker have generously offered to spread a lunch for them in the pavilion on the beach.

JUVENILE PARTY.

Masters Johnnie and Bertie Rupp entertained a company of their little friends last Wednesday at lunch at their home on Maple avenue, near Thirtieth street. Among the small guests were: Misses Dell and Susie La Grill, Myrtle Jones, Ruthie, Anna, and Grace Clegg, Sutton, May White, Mabel Yostman, Masters Bertie Jones, Rogers La Grill, Fred Kuppen, John La Grill, Robbie Berley, Oskar Berley, Hercules Smith, Willie Rumpf, Angie Briggs and Walter Rumpf.

G.A.R. ENTERTAINMENT.

The Stanton Post and W.R.C. gave an entertainment last evening at their hall on S. Spring street, which attracted a large audience. A number of G.A.R. programs was rendered, participated in by Misses Crowell, Grace Mitchell, Maude Adams, Mines, Harrison, Brown, Sanderson, Luther and Messrs. Thomas, Monroe, Soule and Holmes.

For the past few weeks a general social followed. The feeling of good fellowship which is such a pleasing feature of these reunions was everywhere apparent.

A YACHTING PARTY.

A party of Santa Ana people have just returned from a week's sojourn at Catalina. They chartered the yacht Hattie and with Capt. W. R. Condit at the helm cruised about the island, enjoyed a Spanish dinner at the isthmus, visited Seal Rock and explored the coast. The party included Mr. Turner, as master of ceremonies, proved a delightful host, whose felicitous in was forever devising some novel method of entertainment. The party included: Mr. and Mrs. Z. B. West, Dr. and Mrs. J. E. Nettie, Mr. and Mrs. V. E. Morris, Mr. and Mrs. F. P. Nickey, Mrs. Ada Brown, Misses Nettie, Nancy Waite, Nellie Frazer, Louis Hickox, Lizzie Turner, Mr. and Mrs. J. A. Turner, Mrs. C. D. Overshine, Mrs. H. R. Rogers, Frank West, Earl Morris, George Murdoch, Charles Baker, Frank Patterson, Norman Koper, Edward Bessonette, Charles Smith, Oly Reed, G. S. Smith, Robert Dibble and Dr. W. H. Hill.

NOTES AND PERSONALS.

N. S. Ross has gone east to his old home for a week.

Charles Kitts and L. Behmeyer have been spending the week at Coronado.

Mrs. Karchhoff and Mrs. T. J. Weidorn and daughter are at Santa Monica.

Mrs. Ida S. Nembro is visiting Mr. and Mrs. James O'Bannon at Alhambra.

Dr. and Mrs. R. W. Morris of the East Side go to Coronado today for an outing.

Mr. and Mrs. J. C. Newton and daughters have gone to Catalina to spend some time.

Miss Mattie Meredith of East Los Angeles goes to Riverside next week for a visit.

B. S. Bedillion leaves this morning for San Francisco where he will spend a few weeks.

The moonlight fete at Redondo this evening is not an invitation affair, but is open to the public.

Mr. and Mrs. Edward H. Sanderson will leave for San Fran. for a week. Hot Springs, where they will remain some time.

Mr. George Mason of Grand avenue and Mrs. Chase of Twenty-third street leave Monday, the 1st, for the East.

Miss Nellie Eyster, president of the Woman's Press Association of the Pacific Coast, is a grandniece of Barbara Freitchie.

Jasper Harrel, the owner of the Nadeau, is in the city, the guest of his daughter, Mrs. Henry Fieldman, of South Pearl street.

Mr. and Mrs. Alexander of Phoenix, Ariz., are the guests of Mr. and Mrs. Dodsworth, corner Sixth and Main streets. Mrs. Alexander is a sister of Mrs. Dodsworth. Both

Bad Blood.

Impure or vitiated blood is nine times out of ten caused by some form of constipation or indigestion that clogs up the system, when the blood naturally becomes impregnated with the effete matter. The old Saraparisians used to teach their students by attacking the blood with the drastic mineral "poison." The terrible Saraparisians is "poison." It goes to the seat of the trouble. It removes the liver, kidneys and bowels and invigorates the circulation, and the impurities are quickly carried off through the natural channels.

Charles Lee, Beamish's Third and Market Sts., S. F., writes: "Took it for a month and a half and while on the first bottle became convinced of its merits, for I could feel it was working a change. It cleaned, purified and braced me up generally, and everything is now working full and regular."

JOY'S VEGETABLE SAPAPARILLA

Sold by OFF & VAUGHN, the Druggists, northeast corner Fourth and Spring sts.

Ladies went to Long Beach yesterday for the day.

Judge and Mrs. W. H. Barnes, Mrs. N. Martin and two children of Arizona have returned to Hotel Arcadia again after visiting Monterey and other sea-side resorts. They will remain some time.

PUBLIC WORKS.

Regular Weekly Meeting of the Board Yesterday.

The Board of Public Works met yesterday afternoon, and adopted the following recommendations:

The petition for the grading of Pink street was referred to the City Engineer to ascertain the cost thereof.

Petition to establish grade on Prospect street recommended to be granted.

Property-holders on Olive and Seventh streets want relief from water accumulating there during rainy seasons. A 13-inch pipe was laid there to carry off the water. The master was referred to the Street Superintendent to ascertain if this pipe can be opened.

In the petition to grade and gravel Figueroa street, from Sixth to Pico, the City Engineer will ascertain if the cost will exceed \$2 per foot. An ordinance of intention will be passed.

The petition of Andrew Glassell was filed. It is stated that cement is better as a paving material than brick and the expense not much more.

Another Report About Salton Lake. The San Diego Union of Friday says: E. C. Emery, who went on a hunting trip to the mountains of Clark or ten days ago, returned last evening. They have heavy rains in the mountains, he says, and things look splendid; crops will be enormous. Ranchers about Julian are prosperous and the outlook is good. Regarding the Salton Lake he says that a man who recently came up from the lake to the city recently reported that a large area of water is flowing into the Salton Sea from the Gulf of California, or the river near the gulf, via New River, making two sources of supply for the inland sea. Mr. Emery says that the chief cause of the flooding is that the water is greater than the capacity of the community. As to its effect on climate he is of the opinion from observations in the mountains that it can have no effect this side of the range, though the enormous evaporation may cause more frequent rains in mountains nearest the lake.

The sisters of charity," said Dr. Dorsey, "are examples of martyrs of the nineteenth century. They receive the pitiful sum of \$5 per week for their services, which involved the payment of a sacrifice that is simply divine."

DR. HONG SOI,

127 S. Broadway, between First and Second Sts. His Wonderful Cures have attracted hundreds. **Consultation Free.**

Having been sick all my life with stomach, spleen, liver, disease, and in hospital a dozen times for two weeks I am entirely cured. I wish those who are sick would try Dr. Hong Soi.

Having been sick for about one year with kidney and bowel complaint and anxiety of mind and failing to derive any benefit from doctors in the East, I resolved to try Dr. Hong Soi. I find after using his medicine for about two weeks I am entirely well.

H. H. BEMIS, 218 Third st., Southwestern Lodging House.

L. HOY, 230 Main st., Dallas, Tex.

I had been sick for a year with great distress in the stomach and frequent vomiting of bile. My weak state was not able to be off my bed. I was rapidly losing weight and strength.

Nearly all my people are troubled in the same way and have tried a great many physicians, so I thought I would try something they never tried and went to the celebrated Chinese physician. He told me he could cure me in two months. I took his medicine and strictly followed his instructions in regard to diet, etc. for six weeks when he pronounced me cured. Am now strong and well and I freely recommend Dr. Hong Soi.

MRS. FAUCHER, 705 Main st., L. A.

Dr. Hong Soi has cured over 3000 people who were suffering from various diseases. His system of medicine is based on herbs and roots and bark which he imports direct and which have been used in China, 1000 to 5000 years.

NOTES OF THE DAY.

AT ZURICH a little steamer constructed of aluminum—the hull, engine and screw propeller all being of the light and beautiful metal—has made a successful trial trip.

It is to be hoped that the Council will not let the matter of acquiring possession of the West Side water works sleep itself to death. The city should own and improve the system.

In Mr. F. W. King's letter, published some days ago, he inadvertently stated that John Quincy Adams was elected President in 1828; the date should have been 1824. Gen. Jackson was elected in 1828.

There is a war between the Kansas City, the St. Louis and the Milwaukee brewers, with the result that the price of beer has been reduced from \$7 to \$4 a barrel in Kansas City, and now the beer drinkers there are asking why they must put down their nickel just for a case of a glass of beer.

SEVERAL New York papers are making a regular campaign for a covering over patrol wagons. They say it is unfair to have anybody but a policeman who rides in one of them stoned at and branded as a criminal. The fine Italian hand of the police reporter is manifest in this. He wants a chance to ride free, without having his character aspersed.

At the opening of Patti's theater in Wales, Mr. Terriss spoke of Patti as the true friend of the poor, this "good fairy who haunts the rock of night," whatever that may mean. The good fairy is coming over to America in January and expects to lay in a fresh supply of beneficence for the poor at the rate of \$7 a ticket.

SAN FRANCISCO's taste of climate during the current hot spell has been anything but palatable if we may judge from descriptions of it. Fog, which amounted almost to a rain, at night, while during the day it obscured the sun and made all nature wear a gloomy look. This, with the oppressive, hot, clammy, mucilaginous feeling, which such weather always produces, would throw even a moderate drinker into the jin-jams.

THE British war office has been urged to prevent the circulation of socialist literature in the army. The insubordination of the Grenadier Guards and one or two other crack organizations caused their officers to examine more closely into the daily life and associations of the privates and non-commissioned officers, the result being the discovery that an active socialist propaganda had been going on in the army for some time.

A SPECIAL dispatch to the San Francisco Chronicle dated Lima, Peru, August 19, says:

"In the mining town of Antofagasta, and in all the insurrectionary towns, among the United States, on account of the Itata, continues to grow in bitterness. It is beyond the understanding of the insurgents why that vessel should be delayed so long in California, and in the port of Callao, before it was thought that she would be promptly released as soon as she reached an American port. Now people grow angrier and angrier as the days pass. Word reaches here that the Itata is still held and that there are very small chances of her immediate release."

THE editor of the brand-new, self-appointed Congressional court journal, to wit, the Evening Express, continues to swell up like a male frog and bluster in his feeble way. "The insolence of office" is suddenly apparent in his editorial outgrowths, and whenever a word is said in behalf of the people's right to have a voice in the dispensation of the Federal offices—which are their property, not any Congressman's—the editor of the little court journal grows furious, dictatorial and insolent, denying the right of "anybody" save one Congressman alone to be heard in the selection of a postmaster. The characteristic insolence of the sycophantic office-holder is familiar, and his influence is in inverse ratio to his facile personal and political abasement before "the throne," and his impudent disrespect to the people who are his masters.

We have just discovered the true reason why the editor of the San Pedro Evening Customhouse has been so fierce, arbitrary and bloodthirsty (for office) during the past few days. The reliable contraband who goes to and fro, in disguise, between the war camp at Santa Monica and the office of THE TIMES, came in last night, and in a stage whisper reported that the saignant editor of the court journal, to-wit, the Evening Customhouse, was in camp with his fellow-conspirators, leading a life of imaginary violence. When the reliable contraband left the lines of Camp Johnson, the saignant editor was considered violent, if not more so. He had just "took his pen in hand" to write another able and bloodthirsty editorial for the San Pedro Evening Customhouse, and there were serious apprehensions that what he said might get out.

the vicious idea that it is desirable, in the interest of the consumer, to drive the producer as close to the limit of subsistence as possible by admitting without rest into competition. The reciprocity plan comes in next, recognizing the fact that the producers of a nation are entitled to be first considered, as they are its builders and its citizens; the free trade idea relates the products to the second and puts the consumer in the first place, thus virtually declaring that accumulated capital is entitled to more consideration than the producer.

WE HAVE LOST NO TRADE BY IT.

Because there has been a falling off in England's exports to the United States since the McKinley bill went into effect, it has been urged that trade with England is generally decreasing, and, in fact, is doomed to go to the bow-wows. "It is perhaps difficult to say which of the two countries has suffered most," remarked the New York Post, looking pensively down its nose. Now, the fact is that the United States will show a very decided increase in her exports to Great Britain for the fiscal year just passed. If England has failed to sell as much to the United States as usual, it is her misfortune and one that we should not be expected to grieve over.

Here are the official figures of our principal exports to Great Britain for the fiscal year ending June 30, 1890, and for eleven months of the next fiscal year—ending May 31, 1891:

	1890.	1891.
Agricultural implements.	\$29,393,159	\$26,311,157
Linen.	36,059	15,255
Printed matter.	486,531	569,658
Woolen fabrics.	21,520,455	20,616,260
Wheat.	29,292,034	24,012,233
Wheat flour.	83,711,789	81,756,602
Trunks and cases.	181,935	9,991
Cooperage.	5,633,733	6,519,223
Ingots.	70,711	739,49
Gold.	14,000,000	14,000,000
Toothpicks.	649,319	620,49
Fruits and nuts.	1,571,347	544,886
Leather goods.	4,020,326	3,812,240
Leather sole.	4,241,773	4,871,811
Naval stores.	3,600,950	4,563,369
Other leather.	1,000,000	1,112,000
Mineral oil.	129,197	101,320
Cottonseed oil.	109,771	7,635,658
Manufactured wood.	457,058	2,476,914
Total.	30,600,726	407,338,631

These are the official figures published by the Treasury Department's Bureau of Statistics, as far as the items of our exports to Great Britain are given in the bureau's monthly reports. They show that our exports are increased, there being exactly twenty-three gains and twenty-three losses in the items given, and that the aggregate shows an average gain of about 3 per cent. in our total exports to the United Kingdom.

IMPROVED FINANCIAL OUTLOOK.

The last circular of Henry Clews & Co. is very hopeful as to the general business prospects of the country. It says:

The wheat crop now promises to surpass both in quantity and quality the earlier estimates, \$80,000,000 to \$60,000,000 bushels will be produced, and the market will yield. The special importance attached to this fact is that wheat being so largely an export in this unprecedented supply of it gives us the greater power for controlling the market price of gold and silver for the last eight months. If Europe does not need double the average supply of American wheat of the last ten years, we shall be in a position to send it.

IT IS DESIRABLE, IN THE INTEREST OF THE CONSUMER, TO DRIVE THE PRODUCER AS CLOSE TO THE LIMIT OF SUBSISTENCE AS POSSIBLE BY ADMITTING WITHOUT REST INTO COMPETITION.

THE RECIPROCITY PLAN COMES IN NEXT, RECOGNIZING THE FACT THAT THE PRODUCERS OF A NATION ARE ENTITLED TO BE FIRST CONSIDERED, AS THEY ARE ITS BUILDERS AND ITS CITIZENS; THE FREE TRADE IDEA RELATED THE PRODUCTS TO THE SECOND AND PUTS THE CONSUMER IN THE FIRST PLACE, THUS VIRTUALLY DECLARING THAT ACCUMULATED CAPITAL IS ENTITLED TO MORE CONSIDERATION THAN THE PRODUCER.

IT IS SAID OF THE LATE GEORGE JONES, PROPRIETOR OF THE NEW YORK TIMES, THAT, AFTER HE HAD OBTAINED FULL PROOF OF THE THEFT OF THE TWEEDE RING AND BEFORE HE HAD YET MADE IT PUBLIC, THE CORRUPT CABAL OFFERED ANY SORT OF CONCESSION TO HIM IF HE WOULD "QUASH THE INDICTMENT." THEY FINALLY MADE HIM AN OFFER OF \$60,000, BUT THE PROFFERED BRIBE WAS SCORNED. THE EXPOSURE CAME IN DUE TIME AND TWEEDE WAS DRIVEN OUT OF PUBLIC LIFE AND INTO THE STATE'S PRISON, WHILE SEVERAL OF HIS PALS SOUGHT SAFETY IN EXILE. THE SAN FRANCISCO CALL SAYS THAT THE MANIA FOR SUICIDE BY LEAPING INTO THE BAY FROM THE FERRY STEAMER NEWARK HAS GROWN SO STRONG THAT NO SOONEE DOES A WOMAN WALK TO THE RAIL UNATTENDED THAT EVER MAN WITHIN FIFTY FEET OF HER MAKES A WILD RUSH FOR HER. A CASE OF THIS KIND OCCURRED THE OTHER MORNING, WHEN A YOUNG WOMAN FOUND HERSELF RUDELY SEIZED BY A COUPLE OF MEN, WHO, IN SPITE OF HER STRUGGLES, TOOK HER INTO THE CABIN AND PERSISTED IN KEEPING GUARD OVER HER FOR THE REMAINDER OF THE TRIP. "IF THE MANIA CONTINUES MUCH LONGER THE CALL THINKS IT WOULD PAY THE COMPANY TO PLACE WIRE NETTING ALL AROUND THE OUTSIDE OF THE BOATS IN SUCH A MANNER AS TO PREVENT ANYONE LEAPING INTO THE BAY. IT WOULD DO AWAY ALSO WITH THE TROUBLE OF WATCHING SUSPICIOUS LOOKING YOUNG WOMEN, TO SAY NOTHING OF THE STOPPING OF THE STEAMER AND THE LOWERING OF A BOAT."

A LIE ONCE STARTED ON ITS TRAVELS AS A PRESS PARAGRAPH IS apt to take on some unique features. Note the following, which was an untruth to begin with, and has already gathered up another lie to keep it company. It is taken from the Oakland Tribune:

Chief Glass of the Los Angeles police ordered a dealer to take out of his window a picture which, to the police mind, offend the modesty of nature. The dealer took the terrible revenge of substituting the picture for the work of a local artist.

AMERICAN ELEMENTS.

A CLIMATIC DANGER.

LOS ANGELES, Aug. 21.—[To the Editor of THE TIMES.] There is a remarkable concensus of opinion among the old residents of Los Angeles, and Southern California generally, that something has changed our usually delightful summer climate. In this favored region, where it has been the boast that one could sleep under a blanket every night in the year, we have had for days and weeks past nights so close, humid and oppressive that one could easily imagine himself in New York or Indiana. Blankets have been tabooed, and even linen has been too much covering for the perspiring Southern Californian.

The day hours have been equally disagreeable with that "stickiness" that only the denizens of moist atmospheres are familiar with, and the opinion is general that this great and unwelcome change is caused by the evaporation of the lake recently formed at Salton on the Colorado Desert to the eastward of us. Even our coast range experience a great change in the temperature, and San Diego swelters and steams along with the rest of us.

If this decided change in our summer weather has come to stay, it is not fair to presume that a like change will take place in our winter climate, for if we have surely an "eastern winter."

The great body of water that lies between our mountains and possibly and probably in the valleys where now our orange groves are things of beauty and profit. If such is the case there is danger menacing our great money making industry, dairying, and, while we do not desire to appear as alarmists, it behoves our people to look out for high water and washouts.

Respectfully,

GEORGE H. PECK.

Hopes of Combining All Commercial Bodies with the Farmers' Alliance Fail to be Consummated.

By Telegraph to The Times.
TOPEKA, Aug. 21.—S. C. Bradford, ex-Attorney General of Kansas, presided at a meeting of Republican Farmers' Alliance men this afternoon. Bradford is popular with the old soldier Republicans and with the "old crowd." He called these elements of the Farmers' Alliance together to organize a revolt in the new party. It was planned that in each sub-Alliance there should be formed a self-constituted committee of members who have not gone into the political movement of organization, whose duty shall be to reclaim those Republicans who have deserted their party for the Alliance and to keep in the party those who show symptoms of dissension.

Georgia Alliance Men.
ATLANTA (Ga.), Aug. 21.—The State Alliance adjourned today. One resolution adopted unanimously asks the Georgia Legislature "to endorse the St. Louis platform as reaffirmed at Ocala, and to instruct representatives and Senators in Congress to shape legislation in conformity therewith.

Senator Gordon's reply to the request that he express himself as to the position he will take on the platform was not received. The Senator, however, wrote a brief letter, in which he says he has heretofore made himself clear on this subject and could not do so more than he has.

Accomplished Nothing.
TOPEKA (Kan.), Aug. 21.—The meeting of delegates from the various commercial organizations of the Farmers' Alliance adjourned tonight, having practically transacted no business. It was intended to combine the various organizations under one management, but the objects and interests of each were so diverse that the purpose could not be accomplished. A committee was empowered to call another meeting after further deliberation.

The Texans Divided.
DALLAS (Tex.), Aug. 21.—The Texas State Alliance has ratified the Ocala platform. Evan Jones was selected as president. The anti-sub-treasury delegates have been barred from the floor and have called a meeting of their own. Nearly all the delegates are for the third party.

Gen. Alger Denies.
BENNINGTON (Vt.), Aug. 21.—Gen. Alger denies the authenticity of a report printed in the New York morning papers that Blaine told him he had entered the field as a Presidential candidate.

Death of an Actress.
NEW YORK, Aug. 21.—Emily Greenwood, the English actress, better known in this city as Emily Donagh, died at her apartments on One Hundred and Twenty-sixth street this afternoon. She came from London twelve months ago, and of late has been with the Kirralls.

This morning she was seized with convulsions, which resulted in death. According to her assertion, Emily Greenwood left a husband and two children in London, and in her earlier life occupied a high social position.

"Her later life has been infinitely sad," said her companion, but she declined to particularize. The deceased was 33 years old.

Southern Pacific's Loss.
SAN FRANCISCO, Aug. 21.—Vice-President Crocker of the Southern Pacific Company received a dispatch stating that the steamer Eldorado, which was wrecked near Bahama Islands, will prove a total loss, and that the greater part of the cargo is so badly damaged that none of the Pacific Coast freight, comprising nearly fifty carloads of high-class goods, will be forwarded to the coast. The Southern Pacific Company's loss will foot up a quarter of a million dollars. There is no insurance. The steamer was owned by the Southern Development Company and was valued at half a million. It was fully insured.

A Plundered Kansas County.
TOPEKA (Kan.), Aug. 21.—By the Associated Press.] A petition signed by a large number of citizens of Stevens county has been received by Gov. Humphrey asking him to cause an investigation into the financial affairs of the county. The petition sets forth the fact that the indebtedness of the county is \$75,000, one-half of which was incurred in a fraudulent way by county officers. The petition asserts that the county officers have conspired to loot, and are now looting the treasury by paying themselves illegal allowances and fees.

The Collaps'd Wheel Company.
CHICAGO, Aug. 21.—Attorney Morris of the American Wheel Company said this morning that creditors would undoubtedly be paid in full. He said that the first of this month the assets were \$4,074,000 and liabilities \$1,800,000. N. C. Butler was appointed receiver and an order issued by court allowing him to continue the business so that contracts amounting almost to \$2,000,000 can be carried out. A meeting of stockholders and creditors will be held tomorrow, when it is expected some satisfactory plan will be agreed upon.

The Strike at Cramp's Yard.
PHILADELPHIA, Aug. 21.—Inquiry today at Cramp's shipyard proved that the strike of riveters, caulkers, shippers, holders-on, and rivet beaters had not assumed the proportions reported by the men last night. It was stated that the number of men and boys who quit work is but 160. Henry Cramp said today that the strike would not amount to anything; the firm could get all the men it wanted.

SACRAMENTO, Aug. 21.—San Jose won an easy victory from the Sacramento this afternoon, defeating them by a score of 12 to 5.

Noted Bandit Killed.

WALSBURG (Colo.), Aug. 21.—The famous bandit Castillo was shot and killed this morning near here after a desperate fight with six deputy sheriffs. The fight lasted two hours. The bandit was well armed, had a large supply of ammunition and fought the deputies from the cover of rocks, so that it was almost impossible for the officers to get a good shot at him. He was given several chances to surrender, but replied to all such proposals with a volley from his revolvers.

Kingston the Favorite.

CHICAGO, Aug. 21.—It is the general impression here that the Dwyers' horse Kingston will tomorrow win the great Garfield stakes of \$10,000. He is reported as in prime condition this evening, and is said to have easily jogged a mile in 1:49. Many people, however, think Marion Card Verge d'Or have a show to win. The track is in good shape. Tenny and Longstreet will not enter.

Stolen Money Package.

ST. LOUIS, Aug. 21.—Clever sneak thieves worked the driver of an Adams' Express money wagon today. While one engaged him in conversation the other managed in some way to extract a money package from the wagon. Both got safely away. The express people say only \$300 was in the package, but the impression prevails that there was much more.

THE WATER QUESTION. An Amicable Adjustment Seems Imminent.

WHAT WE PAY TAXES FOR

Where the Money Goes—Severely
Kicked by a Horse-Masonic
Meeting—Personal Men-
tion and Brevities.

A special meeting of the directors of the Lake Vineyard Water Company was held Thursday evening. A full board was present with the exception of Mr. Craig.

A petition was read from E. E. Spalding, asking the company to lay a pipe on Colorado street from Marengo avenue to his new house and grant him permission to make a two-inch connection with the same. On motion of Trustee Clark it was decided to lay a four-inch pipe on Euclid avenue from Villa to Colorado street. Mr. Spalding's petition, referring to the size of connection, was referred to the Executive Committee.

A petition from T. F. Stetson and others asking permission to run a water cart daily on Colorado street east of the city limits was read and laid on the table.

After some other routine business had been transacted the chief subject of the meeting came up for discussion in the shape of the following resolution passed by the Pasadena Water Company at its last meeting relative to the development of water at Devil's Gate:

Resolved, that we will join the P. L. V. and W. Company in the following stipulations:

"First.—The waters of the Wilson spring, by tunneling or otherwise, in such manner and to such extent as the two boards of directors may agree upon."

"Second.—The waters of the Richardson springs, whenever the title thereto and the right so to do may be determined by the courts.

"Third.—The waters of the Flutter Wheel springs, as such, by tunneling or otherwise, in such manner as may be mutually agreed upon by the board of directors of the two companies; provided always that such development of the waters of said springs shall in no case or under any circumstances be to the extent of drying up the subterranean flow of water in the Arroyo Soco channel, unless in the meantime the two corporations have come to some understanding whereby the Pasadena Land and Water Company shall be compensated for the decreased flow of water at the Sheep Corral springs resulting from such work."

The resolution being read, a brief discussion followed, after which the resolution was passed by a unanimous vote:

"Resolved, that this board request the president in conjunction with the Pasadena Land and Water Company to appoint a time in which both boards shall meet together at the springs to devise some plan of development.

SOME FIGURES RELATING TO THE NEW TAX RATE.

In explanation of the fact that the city tax rate has been made a little higher than that charged during the past fiscal year, some interesting figures furnished by City Clerk Cambell are given below:

The total estimated expenses for running the city during the year ensuing, as computed by Mr. Cambell, amount to \$55,395.25. This is divided up as follows: Principal on fire and sewer bonds, \$9,600; interest on same, \$2,625; principal on water bonds, \$425; interest on same, \$505.25; clerk and recorder's department, \$200, of which about \$150 belongs to the assessors' and \$120 to the clerk's department; library department, \$1,685; fire department, \$5700; police department, \$2,900; public printing, \$610; street department, \$5,500; street-sprinkling department, \$5,500; street lighting department, \$5,500; tax collector's department, \$5,500; attorney's department, \$1,100; rebate on taxes, \$200; recorder's department expenses, \$200; estimated receipts, \$500, which would not a profit of \$300; engineer's department, \$1,100; miscellaneous items, including \$1000 for city hall \$1600.

The estimated receipts are: Library, \$2,000; recorder's department, \$300; redemption of taxes and \$400 from dog licenses, \$150. The cause in the fire and sewer sinking fund amounts \$600 in the library sinking fund, \$60 and in the other funds to \$250, making a total of \$423 to the city's credit. This leaves a total tax of \$51,075.25 to be raised. The tax rate as fixed upon will net a total of about \$50,000. As the figures indicate, the principal and interest on the different bonds and the street sprinkling and lighting form important items in the expense account.

Last year it was estimated that the expenses would amount to \$52,877.75, but they have exceeded this amount by several thousand dollars. The deficit was provided for by the sale of bonds to the amount of \$10,000, some of which money went toward paying off the city debt. The new electric light has been placed about \$15,000 per annum. This includes the salaries of all chiefs, deputies or assistants in all of the departments.

KICKED BY A HORSE.

Ernest Sprague, a sixteen-year-old boy, was kicked by a horse yesterday afternoon, and sustained severe and painful injuries. While attending to the animal, which had hitherto shown no signs of viciousness, in the stable back of his home on Cypress street, near Orange Grove avenue, the horse unexpectedly let fly one of its powerful front hoofs, striking the boy square in the face, breaking his nose and slanting the skin from top to bottom of that organ. A deep gash was also cut just above the forehead, which fractured the outer table of the skull. Drs. Bleeker and Hodge were called to render the necessary medical attendance. It is not thought the injuries will prove fatal.

The meeting of Pasadena Chapter, Order of the Eastern Star, held on Thursday evening, was a success, both from a social and a cultural stand-point. The Masonic rooms in the Arcadia Block were very prettily decorated in honor of the occasion, which was of more than usual interest, on account of the initiation of two new members.

At the conclusion of the interesting ceremony adjournment was made to the banqueting rooms on the opposite side of the hall, where a most deli-

Another Busy Day at Camp Johnson.

DRESS PARADE AND REVIEW

Gen. Dimond and Other Distinguished Visitors Present—Grand Ball at the Arcadia—Today's Competitive Drills.

The tides at Santa Monica during the past day or two have been the highest of the year.

Two drunks and two vagrants made up the total number of arrests by the police force yesterday.

James Behn, the driver of a sprinkling wagon, was found in his vehicle Thursday evening by the breaking of an axle, sustaining painful injuries.

Diphtheria is prevalent in different sections of the State, and the State Board of Health has issued a circular making suggestions for preventing its spread.

Levi Yow, or Lem Yow, Chapman arrested yesterday in connection with the Wong Ark bond, has no connection with the Main-street house of Lem Yow.

There are undelivered telegrams at the Western Union Telegraph office for J. D. Hughes, D. Elmer Barries, Clyde Stevens, Mrs. Naule Webb, T. H. Palache, S. T. White.

Capt. Answorth of Redondo wishes it understood that there are no invitations to the moonlight fete on the tennis grounds at that place this evening. Everybody will be welcome.

Early yesterday morning one of Charley Gasson's butcher wagons ran into a freight engine on the junction of Main and Alameda streets, and the wagon was smashed up. The horses escaped and were not captured for some time but no further damage was done.

The card in the Evening Express yesterday, said Enoch Rice was first presented at the Taxmen office, and when he left it, and in half hour the woman called and asked to withdraw it. The names of neither the man nor the woman in the case have ever been printed in the Times.

Several members of the Council are considerably worried over the fact that the people of Los Angeles are not uniting and are determined to do something if possible. They are now discussing the proposition of calling an election to vote bonds not to exceed \$250,000, as they are of the opinion that the city will put in a plant large enough to give the people a sufficient quantity of pure water.

The grounds adjoining the Simpson Methodist Episcopal Auditorium are being beautified and placed in readiness for the chrysanthemum fair which is to be held the last week in October. The auditorium, Mr. L. Martin, has accepted an invitation to be present and will deliver the opening address. A poem, composed expressly for the occasion by Mrs. Eliza A. Otis, will be read, and Miss Moille Adela Brown is to sing, assisted by a select chorus. It is the intention to add to the program other attractive features to the programme, making the opening night an exceptionally brilliant one.

NEWS AND BUSINESS.

The Weather.

U. S. WEATHER OFFICE, LOS ANGELES, AUG. 21.—At 5:37 a.m. the barometer registered 29.92; at 5:07 p.m., 29.87. Thermometer for corresponding hours showed 62° and 59°. Maximum temperature, 90°; minimum temperature, 61°. Cloudless.

Rew. Fred V. Fisher will address the Young Men's Christian Association Sunday afternoon at 4 o'clock.

At 8 o'clock yesterday morning the residence of William Colter, No. 138 Railroad street, was burned. The loss will amount to about \$1000.

There will be a free lecture at Temperance Hall by V. F. Hunt of Justin, Sunday evening at 7:30 o'clock. Subject: "The Papacy in Prophecy," illustrated by a chart.

All the evidence in the perjury cases growing out of the Wong Ark bond is now in and only the argument is to come. It looks as though the closing case had been made against them. Let us on has been held and his examination set for September 1.

A. H. Fixen left for the East today in the interest of the Chicago Dry Goods House, No. 321 Spring street, to make extensive purchases of textiles and novelties for New York and Chicago. The Chicago Dry Goods House has a very desirable class of goods, and is one of the most popular stores in the city.

The Foresters' conclave with a highly interesting program of sports on Saturday and athletic exercises on Sunday, Aug. 22 and 23, at Redondo Beach, attracting a large gathering at that charming seaside resort. The bathing and fishing at Redondo is not equalled at any point on the Pacific coast. Half-farthings ticketed good Sunday until Monday evening can be had by the Santa Fe route at their city office, and down Avenue and First-streets.

A careless switchman neglected to close a switch on the scale track in the Santa Fe yards Thursday night. The incoming train from San Joaquin, open switche, the engine colliding with a box car standing on the side track with sufficient force to break the pilot of the engine and wreck the freight car. Gov. Markham and several passengers happened to be standing at the time of the collision and were thrown over, but no one received any severe injury.

One more low rate excursion to San Diego and Hotel Coronado, by the Santa Fe route. A box of these tickets, good going Saturday, Aug. 23, and good to return on Aug. 24, cost \$1.50, has just been opened at No. 129 North Spring street, and will be sold at the greatly reduced rate of \$3.50 for the round trip. Will also be on sale at First street station. Train leaves Los Angeles 8:15 a.m., 4:35 p.m. Returning leaves San Joaquin 7:15 and 4:30 p.m., arriving at Los Angeles (only five hours ride) at 12:10 and 9:30 p.m.

The soldier boys put in a busy day at Camp Johnson yesterday, and from early morning until late at night their time was fully occupied.

Late Thursday night it was whispered around brigade headquarters that there would be a "midnight attack," and sham battle, but it was afterward stated that this had been declared off, and the officers retired at the usual hour. Yesterday morning the camp was aroused by the sound of musketry, and on turning out a hot skirmish was found to be in progress on the lines of the Ninth Regiment, the camp having been attacked. The boys turned out in force and repulsed the enemy in full order, when the bugle was called out, and after changing and reinforcing the guard, the forces turned in and quiet reigned until reveille sounded at 5 o'clock, closely followed by the "sunrise" gun, Lieut. Steere of Co. A, Seventh Regiment, in charge of the gun squad.

The soldiers were up from this hour until breakfast. The "setting up" exercises of the Seventh Regiment are quite a feature, to which Capt. Martin and Lieuts. Steere and Baldwin of Co. A, have given a great deal of attention, and have brought them up to a high degree of efficiency.

At 10 o'clock the boys had a taste of the "hardships of a soldier's life" by setting them down to a well-cooked meal, consisting of fried beefsteak a la matiné, à la hotel, scrambled eggs, hot biscuits, "spuns," biscuits, and tea, coffee, or milk, according to taste, to which they did full justice.

It had been announced that Gen. Dimond, together with a number of the members of the Governor's staff, would visit the camp this morning, and the boys were up at breakfast, the work of putting the camp in order was proceeded with, and in a short time everything was in ship-shape for the visitors, after which the routine of guard mount was gone through with, followed by balloon drill.
